

## Scholarship Application

It is our desire that a student/child is never prohibited from attending an event because of financial difficulties. Therefore, we do our best whenever possible to provide assistance.

Please prayerfully consider how much you can put toward the event you are attending. **NO full scholarships will be rewarded.** Students, consider how you can earn money toward your own trip. Some possible suggestions include completing chores for your parents, mowing lawns, babysitting, or offering some other service.
